

## Green Card Request Form

If you intend to travel to any countries within the European Union from 31 December 2020, you will be required to carry with you a Green Card, which confirms your vehicle is adequately insured.

TL Dallas can arrange for your Insurance Company to produce this for you; however, we must receive your application for a Green Card at least 5 working days prior to your date of departure. Each vehicle will require a separate Green Card.

Please ensure this form is fully completed in BLOCK CAPITALS, to avoid delays.

Once completed, please email this form to your usual TL Dallas contact.
